The purpose of the meeting was to brainstorm regarding areas of concern as well as to identify potential resources.

Vice Chair Fraijo expressed concern over whether individuals spend the night at the parks or in the park restrooms, to which Assistant City Manager Olivares indicated that there has been an increase in homelessness along the Metro Gold Line area, and that staff is working to resolve the issue as much as possible.

SUPERVISOR RODRIGUEZ Supervisor Rodriguez advised that homeless individuals can be seen near the parks during the day, but noted that park restrooms are locked at night. Should there be any issues with patrons at the park at any time of day, staff will notify the Police Department.
